About Me

I'm a FRONT END DEVELOPER. Loves to write block of codes to solve a problem. Curious to learn more about developing application UI and passionate to learn new framwork /technologies.

INTERNSHIP

Completed one month internship based on APP DEVELOPMENT in
Exposys Data Labs , Bangalore (Online mode)

The project goal is a student wants to apply a internship through application

I have developed my project into two parts which is FRONT END and BACK END

FRONT END - Developed a UI by using flutter (framwork)

BACK END - Developed by using SQL lite and Google sheets
